

Flow Drilling Machines

MAXION

BTB 18 FL*

Option 1 2 3 5 9 10 11 15 35 39

Sturdy precision flow drilling machine. Intermediate table with adjustment via rack. Motor protection, Cross lever.

Spindle	MT 2
Spindle travel	100 mm
Spindle to column	215 mm
Spindle to table	to 360 mm
Spindle to base	560 mm
Table surface	350 x 290 mm
Column diameter	75 mm
Total height	1050 mm
Weight	100 kg
Motor	2 kW
BTB 18 FL	67104
Infinitely variable spindle speed	400-3.600 rpm
* Thread cutting device including separately driven fan	33264
Package class	B

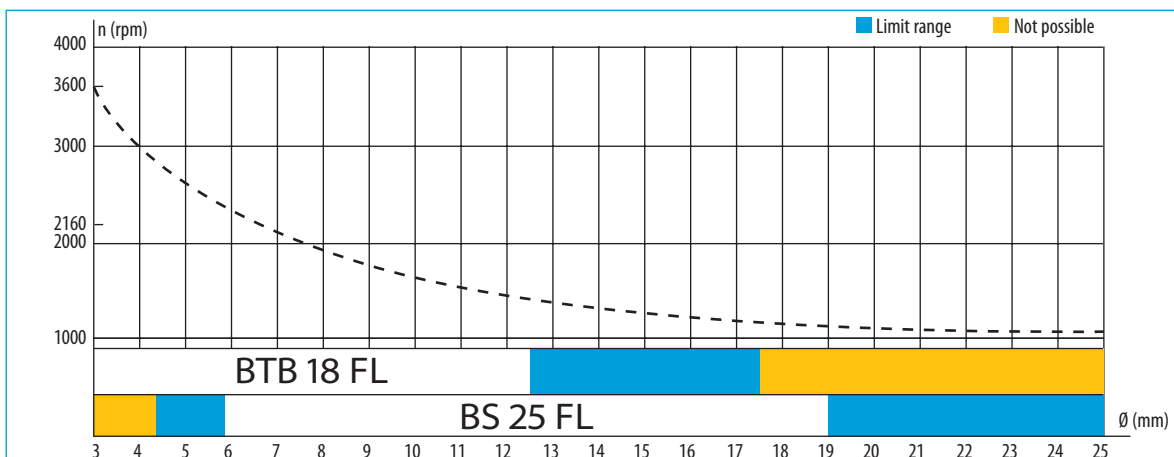

BS 25 FL

Option 5 6 9 10 12 13 15 35 40

Powerful and precise column flow drilling machine. Table adjustable via rack and pinion, swivels around column. Machine base without T-slot. Motor protection, Cross lever.

Spindle	MT 3
Spindle travel	120 mm
Spindle to column	260 mm
Spindle to table	90 to 760 mm
Table surface	500 x 365 mm
Column diameter	110 mm
Total height	1850 mm
Weight	260 kg
Motor	3 kW
BS 25 FL	61981
Infinitely variable spindle speed	240-2.160 rpm
* Thread cutting device including separately driven fan	33809
Column longer by 100 mm	26433
Package class	C

*also available as BT 18 FL and BS 18 FL
